

## Clinician

In collaboration with the Medical Director, the Nurse Practitioner or Physician Assistant functions in an expanded role in the area of ambulatory reproductive health care.

- Responsible for ensuring optimal patient flow and service excellence.
- Provide appropriate CPT, ICD10, and E&M codes for the visit as documented
- Working within the context of affiliate medical protocols, this position will provide primary reproductive health care for patients of all ages and the provision of responsive, patient-centered services.
- Secures an appropriate health history based on the nature of the visit; performs physical examinations with special emphasis on the reproductive system; performs, orders, and interprets diagnostic studies as indicated and permitted by affiliate medical protocols and documents this information into the Electronic Medical Record system
- Recognizes and treats minor deviations from the normal, using prescribed protocols and consulting with the Medical Director or program director and other colleagues as needed
- Provides relevant health instruction to include family planning, nutrition, sexual counseling, and principles of health promotion and maintenance
- Provides relevant counseling to include pregnancy options including all methods of abortion and referrals as necessary
- Collaborates with the health team and other community agencies and resources through joint planning and coordination of activities, in providing comprehensive care.
- Provides education and appropriate management for women and men in need of reproductive related services, including fertility control, infertility, and sexually transmitted infections.
- Provides medication abortion after training
- Participates in peer review program
- Recognizes ethical, legal, and professional issues inherent in providing care to women and men throughout the life cycle.
- Ensures compliance with regulatory requirements
- Adheres to PPMHV's policies on professionalism, wait time in-clinic and on the phone, and the system for addressing client complaints
- Accepts individual and joint responsibility for, and participates in PPMHV's attainment of annual health center fiscal goals in revenue, expenses and contribution margin as well as meeting established benchmarks.
