

Course: Brief Action Planning

Montefiore Hudson Valley Collaborative (MHVC) is offering multiple instructor-led training on Brief Action Planning in 2017. This training is part of MHVC's cross project training strategy to help build patient-centered self-management support skills.

About this course

Brief Action Planning is a structured way of interacting with individuals interested in making a concrete action plan for some aspect of their health. It is based on the principles and practice of Motivational Interviewing and is supported by evidence from behavioral science and self-management support. The core skills of Brief Action Planning can be learned by anyone interested in supporting others to make change.

Length of Training

- Seven (7) hours

This program has been approved by The Commission for Case Manager Certification to provide certified case managers with 6 clock hours

Who Should Attend

The core skills of Brief Action Planning can be learned by anyone interested in supporting others to make change. Participants in the following roles are recommended:

- Care Managers
