MHVC Learner Central	Reporting	Additional Training
Available training programs and learning events can be accessed through MHVC Learner Central at any time. Registration for an in-person training and accessing web-based training can be completed directly online. http://montefiorehvc.org/learner-central/	MHVC reports all training activities to NYS on a quarterly basis. If you are viewing a web-based module in a group setting, we ask that you capture the attendance on a sign in sheet (click here for sample) and email the completed document to LearnerCentral@montefiore.org .	If you require a training to take place at your site or host an existing training on your Learning Management System, please send an email to LearnerCentral@montefiore.org . We will work with you to determine the best learning solution that will best fit your organizational needs.
