

## Topic: Value Based Payments (VBP) – Contracting with Managed Care Organizations (MCOs)

As health care transitions into a value-based environment, Montefiore Hudson Valley Collaborative (MHVC) is offering training to partners on the key components and players of MCO contracting, to prepare partners to be successful in this environment.

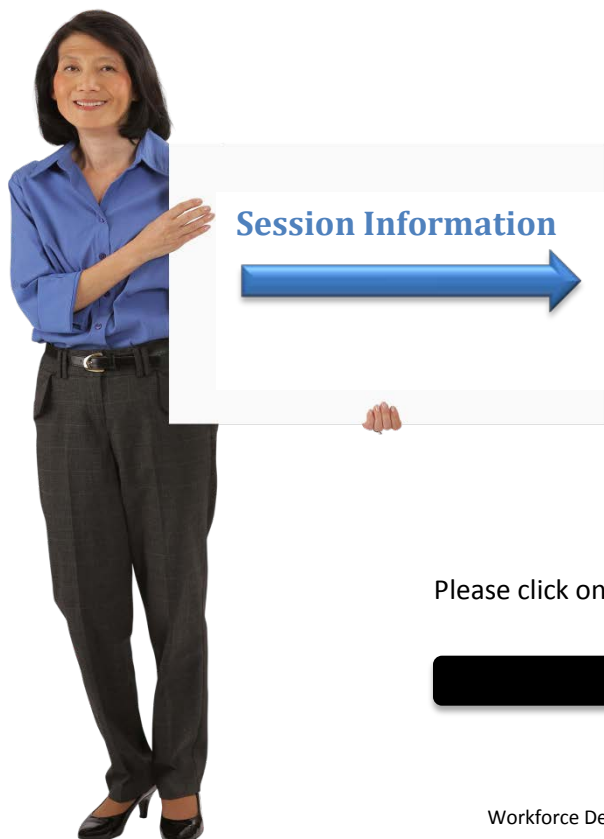

### Course Information

During this session attendees will explore key foundational concepts of contracting with managed care organizations (MCOs). By the end of this session participants will be able to:

- Identify key stakeholders and their respective responsibilities within managed care contracting
- Understand the various types of managed care contracts and services, including reimbursement models as well as what goes into an MCO contract
- Recognize functions covered under managed care contracts
- Measure and monitor success in MCO contracting through various metrics
- Understand how the process differs for the various provider groups (e.g. BH, CBOs, PCPs, ACOs)

### Who should attend this session?

We recommend middle or upper management whose responsibility is to directly engage in contracting and/or manage relationships with payors.

Date: **December 17**
