

Course: Foundations of Motivational Interviewing

Montefiore Hudson Valley Collaborative (MHVC) is offering multiple instructor-led training on Foundations of Motivational Interviewing in 2017. This training is part of MHVC's cross project training strategy to help build patient-centered self-management support skills.

About this course

Motivational Interviewing is a collaborative conversation style to strengthen a person's own motivation and commitment to change. It is designed to strengthen personal motivation for and commitment to a specific goal by eliciting and exploring the person's own reasons for change within an atmosphere of acceptance and compassion.

Length of Training

- Seven (7) hours

Continuing Education

This program has been approved by The Commission for Case Manager Certification to provide certified case managers with 6 clock hours

Who Should Attend

The core skills of Motivational Interviewing can be learned by anyone interested in supporting others to make change. Participants in the following roles are recommended: Care Managers, Patient Care Navigators, Health Educators, and Care Support Roles.
